## LETTER OF REFERENCE

The consultancy ecoprolog GmbH in Cologne cooperated successfully with ABRYYS Sp. z o. o. from Poznan from February till March 2011.

At the beginning of February we ordered a report from ABRYYS Sp. z o. o.: The "Analysis of the market for waste treatment solutions in Poland" with a focus on the investigation of the demand for the "gasification and melting" technology.

ABRYYS Sp. z o. o. provided a very carefully researched report to us. The report met our expectations in total and the final version was delivered right on time.

The cooperation with ABRYYS Sp. z o. o. was really satisfactory for us and we will assign ABRYYS Sp. z o. o. for future polish projects.

Yours sincerely  
ecoprolog GmbH
